

# PREMIER CARPET SEAM TAPES

## Three, Four, & Six-Inch Tapes

Premier's EXCLUSIVE™ Hot Melt Technology provides our customer with tapes that have very low smoke and odor. Premier's tapes are silicone released. They feature quality paper with scrim that won't move or lift off the paper. Our knitted scrims with MasterWeave, Premier's blend of natural fibers, helps reduce seam peaking for flatter seams. These tapes are designed to handle the most difficult types of carpet backings. There is a tape available for every type of carpet installation from light residential to extra heavy commercial traffic.

Premier's **The Sidekick™** jumbo pack gives professional installers a new and easier way to purchase and use carpet seaming tape. This handy stackable dispensing package offers the convenience of having two jumbo rolls of carpet seaming tape on the jobsite. This dispenser keeps the tape rolls stored neat, clean and ready for the next job. Premier's **340 High Performance and 460 Supreme Hot Melt Tapes** are available in The Sidekick™.

Standard rolls are sold in 22-yard rolls, ten rolls per case (wide tapes – four rolls to case). Sidekick™ refill rolls come in 100 feet (10 rolls/case). Premier... the new leader in seam tape technology!!
